Vecherni Novini.USE OF ELECTRIC POWER RESTRICTED

The Energoobedinenie (Power Combine) Enterprise announces that due to a seasonal fluctuation in the maximum loads of the electric power plants, the use of electric power shall be changed as follows:

Households are permitted to use electric power for home consumption from 2100 to 0600 hours and from 0900 to 1600 hours.

Street lighting should be restricted to all-night lights only.

Lighting shop windows and stores with electric lights is forbidden until further notice.

Permission granted to enterprises to operate on their particular day of rest during the week and to be closed on Sundays is revoked.

All private workshops, fulling mills, feed mills, ensilage mills, and oil extraction plants, may use electric power from 2100 to 0600 hours only.

All carding and ginning departments may use electric power from 0900 to 1700 hours and from 2200 to 0600 hours.

All enterprises in all branches that operate with only one shift may use electric power from 0800 to 1630 hours.

All two-shift enterprises and shops of three-shift enterprises that work in two shifts may use electric power from 0800 to 1630 hours and from 2200 to 0600 hours.

All three-shift enterprises in all branches must cease operating the following machines and equipment from 1730 to 1930 hours, instead of ceasing from 2000 to 2200 hours, as they have up to the present: woodworking machines, mixers, compressors in refrigeration plants, and trimmers in printing shops.
